YOUR SELECTMEN'S REPORT

Once again we strongly recommend to the voters of Hinsdale, to adopt the Town Manager Plan, in order to conduct the town business in a business like manner. We are a community that is growing very fast and therefore we need the best town management that we can afford.

This year we ask the voters to adopt the provisions of the Municipal Budget Law.

The purpose of this article is to control the appropriations and expenditure of money in the community. The Budget Committee, consisting of nine members at large, and one member of the Board of Selectmen and one member of the School Board, shall prepare budgets according to forms prescribed by the tax commission for the town, and the school district expenditures. It shall hold at least one public hearing on each budget.

The budget committee, shall confer with Selectmen, School Board, and other officers and departments relative to the estimated costs, revenues anticipated, and services performed; and it shall be the duty of all such officers and other persons to furnish such pertinent information to the Budget Committee. Selectmen, School Boards, and department heads shall prepare a statement of estimated expenses and receipts for the ensuing year and submit the same to the Budget Committee at such time as the Budget Committee shall fix. The Budget Committee shall prepare and submit to the Selectmen for them to post with the Town Warrant two copies of the budget prepared for the town at least fifteen days before the annual town meeting. It shall likewise prepare and submit to the School Board, two copies of the school district budget to be acted upon at the school district annual meeting at least fifteen days before said annual meeting for posting by the School Board with the warrant of their respective meeting.

And this year we take pride in commenting Mildred and John Zywna for the beautiful planting and caring of flowers for the past two years in front of the Taylor's stores, and also the Taylor family for letting this be done.

Vito Rizzi, Chairman

Robert M. Brinck, Selectman

TOWN OF HINSDALE

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Hinsdale for the fiscal year ended December 31, 1972.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Hinsdale at December 31, 1972, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen

Hinsdale, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Hinsdale for the fiscal year ended December 31, 1972, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk for retention as part of the permanent records.

SCOPE OF AUDIT

Included in this examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Paul O. Aust, Tax Collector, for the period March 7, 1972 to December 31, 1972, Town Clerk, Water and Sewer Departments, Public Library, Municipal Court, Cemetery Lot Fund, Playground Committee, Public Health Nursing Association, and Trustees of Trust Funds.

The accounts of Catherine C. Sprague, Tax Collector, for the period January 1, 1972 to March 7, 1972 were examined in an earlier audit. A report of this examination was submitted to your Board under date of March 21, 1972.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets - December 31, 1971 and December 31, 1972: (Exhibit A-1)

Comparative Balance Sheets - General Fund - As of December 31, 1971 and December 31, 1972, are presented in Exhibit A-1. As indicated therein, the current surplus of the Town decreased by $36,197.97, from $71,578.58 to $35,380.61 during the fiscal year.

Analysis of Change in Current Financial Condition: (Exhibit A-2)

An analysis of the change in current financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decreases in Current Surplus:		
Net Budget Deficit (Exhibit A-4)	$16,197.35	
Surplus Used To Reduce Tax Rate	20,000.00	
Decrease in Accounts Receivable	1.00	
		$36,198.35
Increase in Current Surplus:		
Tax Collector's Excess Credits		.38
Net Decrease in Current Surplus		$36,197.97

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1972 are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a net overdraft of appropriations of $40,982.30, less a revenue surplus of $24,784.95, resulted in a net budget deficit of $16,197.35.

Long Term Indebtedness:

Comparative Balance Sheets: (Exhibit A-5)

Comparative Balance Sheets of the outstanding long term indebtedness of the Town as of December 31, 1971 and December 31, 1972, are contained in Exhibit A-5. During the fiscal year, the long term debt increased by $5,500.00, from $79,500.00 to $85,000.00.

Statement of Debt Service Requirements: (Exhibit A-6)

A statement of debt service requirements, showing annual maturities of principal and interest, is presented in Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended December 31, 1972, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1972, is indicated in Exhibit B-2.

WATER DEPARTMENT

Comparative Balance Sheets: (Exhibit E-1)

Statement of Income and Expenses: (Exhibit E-2)

Summary of Treasurer's Account: (Exhibit E-3)

Statements showing the financial condition of the Water Department as of December 31, 1972, and the results of operations for the fiscal year then ended, are presented in Exhibits E-1, E-2 and E-3. As stated in Exhibit E-2, Water Department operations in 1972 resulted in a net profit of $1,302.67, exclusive of interest expense of $2,086.25 paid by the Town general fund on the long term debt of the Water Department.

Sewer Department: (Exhibits F-1 and F-2)

Comparative Balance Sheets - Sewer Department - as of December 31, 1971 and December 31, 1972, and a statement of the Sewer Department Treasurer's account, are contained in Exhibits F-1 and F-2.

The figures as shown on the comparative balance sheets, reflect the financial condition of the Sewer Department on a current basis, as the Department does not have adequate accounting records pertaining to the acquisition and sale of fixed assets.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS AND RECOMMENDATIONS

Water Department:

As previously stated in this report, the operations of the Water Department for the fiscal year ended December 31, 1972, resulted in an operating profit of $1,302.67. However, interest expense of $2,086.25 on the outstanding long term debt of the department was raised and paid directly from the Town general fund. Consequently, operations in 1972 actually resulted in an operating loss of $783.58.

The current deficit (accrued operating losses) of the department decreased from $127,002.72 to $125,700.05, during the fiscal year.

GENERAL COMMENTS (Continued)

Water Department: (Continued)

Again, in repetition of our previous years' comments, we strongly urge that a comprehensive study of the revenue structure of this department be made without further delay, and appropriate action be taken to alleviate the recurring losses.

Our audit disclosed that use is still being made of columnar type journals for the recording of customer charges and credits, rather than standard accounts receivable ledger cards.

Also, small expenditures, in the nature of petty cash items, were expended directly from daily cash receipts. In view of this, we recommend the implementation of a petty cash fund, in order that all receipts may be deposited intact.

Tax Collector:

Considerable time was expended in the examination of the records of the Tax Collector, as a result of inadequate accounting during fiscal year 1972. Due care must be exercised in the area of postings to the respective warrants and to the cash receipts journal.

Conclusion:

The provisions of Chapter 71, Section 27-a, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Hinsdale for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante

The librarian and her trustees wish to express their appreciation to the people who have given books and magazines to the library during 1973. Such gifts are always gratefully received. We have purchased an air conditioner with the money given in memory of the late Harold S. Garfield. This will make the library a comfortable place for our readers during the summer months and will also help preserve our books.

REPORT OF CIVIL DEFENSE DIRECTOR
1973

The town Civil Defense Plan was reviewed and up-dated as required due to personnel changes in town officers. The radiological teams held several meetings and training exercises to maintain the monitoring capability developed in 1972. A constant monitoring/air sampling device was obtained for the town. This device is located in the Selectmens room of the town hall and will initiate an alarm if the radio active count in the air increases very slightly. The Civil Defense Director personally visited the Governor and explained the monitoring/alerting problems of the town, which resulted in the Governor ordering the device to be obtained and installed at no expense to the town. Periodic testing by the state insures reliability.

A state wide flood alert/emergency was declared at 4:30 PM on June 30. The Civil Defense Team was immediately activated and telephone contact with State CD Headquarters in Concord established. Flood warnings were provided to the town to expect the Connecticut River to rise in excess of 30 feet in the next few hours. Accordingly the fire alarm was sounded and teams were dispatched to warn all residents living in possible flood areas. It was recommended to Hinsdale Raceway that racing be terminated after the seventh race and all traffic was routed through Hinsdale Village due to a washout between the track and Brattleboro, and the possibility of Route 63 south being flooded, according to information provided by the State.. Water levels never did reach any where near predicted levels and the watch and emergency were terminated at 7:00 AM, July 1. It must be emphasized that total co-operation was given by the town residents, and Hinsdale Raceway, with only minor grumbling by raceway patrons who were routed in a direction they did not want to go. Two important deficiences were revealed. First, the State CD did not have vilid river rise figures for this area, and second the town intotally dependent on the telephone for information in an emergency. The erroneous information provided by the State was the result of using Connecticut River Prediction Service figures which were not applicable to Hinsdale/ Brattleboro. The figures were valid, but not for this area.

A visit to the Governors office and the State CD Headquarters by the CD Director determined that more valid information would be provided in the future, since towns have no alternative but to act upon the information provided. Local CD also now has charts which can be used to determine anticipated river levels here from the reported levels upstream. The communications problem in possible loss of telephone contact is presently being solved -ith eventual capabilities to contact Concord by radio direct. This should be completed sometime during 1974.

Personnel and Adminstrative Expenses:	
Appropriated: $ 395.29	
Expended: George Slicer, Expenses	$ 67.42
Reimbursed by state:	41.70
Civil Defense Surplus Material:	
Appropriated: $225.46	
Expended: N. H. Distributing Agency:	165.52

In as much as CD funds lapse and can not be carried over it is recommended that articles be included in the town warrant for 1974 for appropriations of $500. for CD personnel and Administration, and $500. for suplus property. Due to federal requirements these must be separate articles specifically for these purposes.

Respectfully submitted,

George F. Slicer
Civil Defense Director

REPORT OF THE HINSDALE CONSERVATION COMMISSION

The Hinsdale Conservation Commission was formed in March of 1972. Regular meetings have been held once a month since our inception.

The purpose of the Commission is to promote the development and better utilization of the natural resources of our town.

As we all know, open space is fast disappearing. In a effort to save some of this, your Commission has submitted to the town ways and means of achieving this goal.

The Commission has no real power to act in developing these resources. That is the province of your elected officials and the town people.

The town has employed the Allen Organization who has surveyed a piece of land adjacent to our school and has drawn up plans showing the most suitable way to develop this land. This plan is a long range program that would eventually be an overall Recreation area. Embodied in the plan are facilities for tennis courts, ice skating, shuffleboard, outdoor pool, picnic area, parking area, horseshoe courts, swings, etc. Bureau of Outdoor Recreation funds will be forthcoming for spring construction.

As a Commission we have the right to seek Federal, State and private funds in implementing these developments. Some are on a 50/50 matching basis. The commission may receive gifts of money and property, both real and personal, in the name of the town. The Commission may acquire by gift, purchase, grant, bequest, lease or otherwise, the fee in such land or water rights, development rights, easement or other contractual right as may be necessary to acquire, maintain, improve, protect, limit the future use of, or properly utilize open spaces and other land and water areas within the town.

It is desirable that the people of Hinsdale support the Commission through their suggestions and criticisms for carrying out these plans.

Respectfully submitted

Raymond Keys, Secretary

REPORT OF THE HINSDALE PLANNING BOARD

The past year was an eventful one for your planning board. The board was busy with sub-divisions applications at most of its monthly meetings. Along with site plan review of commercial areas which was voted by the Town last March.

These two areas take a large portion of the boards time not only at meetings but in the field doing site studies.

There were a total of eleven sub-division applications presented to the board this past year. Of these ten were approved however some carried stipulations on their approval. Also during the course of these approvals the Town gained nearly 3000 feet of future road expansion area . These areas being deeded to the Town will in time be used to widen those roads and better serve the residence of the areas.

The Geological ground water survey which was voted for at the last Town Meeting was completed late this fall. The study which was done by Anderson-Nichols Inc., of Boston, Mass. showed many important results.

The flow of underground water was determined and the Town advised to procure more land around the present well area.

The report also stated that due to cost the future well site is not desirable at this time.

A copy of this report is on file at the Public Library.

The board was also pleased with the results of the litigation against Pako Homes Inc. This suit has been ponding since 1971, and was settled out of court this year. Settlement of $5,500.00 dollars was paid by Pako Homes Inc. to the Town of Hinsdale.

During the coming year the Planning Board will be considering the possibilty of locating an industrial park within the Town. We feel that a park of this type will be of advantage to the Town because it would concentrate industry into an area so it could be served as efficiently as possible, and would broaden the tax base of the Town.

The board also urges the Town to consider a favorable vote for the joining of the Regional Planning Commission and the funds to support its work. This commission has been of great help to the town in the past.

We would like to thank the residents of Hinsdale for their continued interest and support of our efforts.

HINSDALE PUBLIC HEALTH NURSING ASSOCIATION

Following is a report of the activities of the association from January 1 to December 31, 1973.

Direct care to patients	519
Children Attended in School & Health Promation	1236

The Tine test for tuberculosis was done in November for 48 adult personnel of the school system.

In March and June, Immunization clinics were held for children of preschool age through sixth grade and 180 immunizations were given. Also five Tine tests were done. The vaccine is supplied by the N. H. Dept. of Public Health with Dr. John Houpis the attending physician, and volunteers were from the association and community.

During the year 233 school physicals were done by Dr. John Houpis, with the nurse assisting.

The Nurse performed 1086 vision and hearing screening tests during the year.

In May, the nurse and volunteer helpers assisted in the Preschool Vision and Hearing screening program, the State Dept. of Health provided the equipment and a supervisor. Twenty-six children attended this clinic.

Beginning in November, the Lions Club, sponsored their second Dental Health Program for children in Kindergarten through grade eight. This program offered cleaning and inspection of teeth, fluoride application, and instructions in dental hygiene. Mrs. Betty Tyler was the dental hygienist, assisted by volunteers. 241 students participated in the program. The equipment is supplied by the State Dental Health Program.

The annual association meeting was held in February, with Dr. Robert Walker, officers, and the nurse attending.

I wish to thank those who have helped so much in carrying out the work of the nursing agency.

SCHOOL WARRANT

To the inhabitants of the school district in the town of Hinsdale qualified to vote in district affairs:

You are hereby notified to meet at the High School in said district on the 15th day of March, 1974, at 4:00 o'clock in the afternoon to bring in your votes for the election of the following officials:

1. A moderator for the ensuing year.

   A Clerk for the ensuing year.

   A member of the school board for the ensuing three years.

   A treasurer for the ensuing year.

Polls open at 4:00 P.M. on March 15, 1974 and close not earlier than 7:00 P.M. on March 15, 1974.

You are hereby further notified to meet at 7:30 P.M. on March 12, 1974 at the High School to act upon the following subjects:

2. To receive the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose an auditor and committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of statutory obligations to the district.

5. To see if the district will vote to authorize the School Board to apply for, to accept, and to expend, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

6. To transact any other business which may legally come before this meeting.

Given under our hands at said Hinsdale this 13th day of February, 1974.

I have examined the books of Hinsdale Schools as of June 30th, 1973 and the treasurer's report for the year then ending.

This examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the bank balances of various departments, and the income and disbursements were correctly recorded.

Respectfully submitted,

Paul O. Aust

Grand Total 549

Staff

Mrs. Sharon Friel, a 1972 graduate of the University of Vermont who served as an aide in our Language and Speech Development program last year, became a full time teacher in Grade 1.

Mrs. Irene Hall, a 1973 graduate of Keene State College who did her student teaching under Mr. Miller last year, joined our staff as a teacher in grade 3

Mr. John O'Toole, a 1973 graduate of Boston College, assumed duty as a teacher in Grade 6.

We were fortunate to have the part time services this fall of Miss Donna Borowich as a student teacher in Physical Education.

Curriculum

In September the new Ginn 360 Reading program was extended to Grades 3-6. This new program has been well received by students and teachersalike and it would appear that good reading progress is resulting for most students. In November the entire staff participated in a day long training session on the new series conducted by Mr. Charles Rogers and Miss Carol Esposito from Ginn and Company, publishers of the materials.

During the next school year it is planned to study our arithmetic program with the objective of updating our materials and making provision for including the metric system as part of the math curriculum.

Thirty-three percent of the Class of 1973 are presently enrolled in post secondary schools. Eight percent of the class are in armed services, fifty percent are presently employed, and nine percent are married.

Staff

The following teachers joined our faculty for the 1973-74 school year:

Mrs. Beth Stevens, a graduate of Michigan State University, joined our English Department.

Mr. William Langlois also joined our English staff. Mr. Langlois graduated from the College of the Holy Cross.

Miss Shireen Filkins, who graduated from Smith College, is now teaching Jr. High Mathematics.

Mr. Gerald Maloney is now teaching Jr. High Science and Social Studies. Mr. Maloney is a graduate of the University of Massachusetts and Fitchburg State College.

Miss Darah Hueglin replaces the retiring Mrs. Frances Lord in the area of Home Economics. Miss Hueglin graduated last spring from the University of Maine.

Mrs. Nancy Kendall, a graduate of Mount Holyoke College is teaching French.

Mrs. Badona Murdoch has replaced Mrs. Barbara Fitts in the Business Education area. Mrs. Murdoch graduated from Atlantic Union College.

Enrollment

The 1973-74 enrollment is as follows:

7	8	9	10	11	12	TOTAL
60	78	70	71	49	49	377

Curriculum

We have now adopted the elective English program, described in last years report, in grades eleven and twelve. After a half year we have found student reaction to the new program to be excellent. An on-going evaluation of the program will determine its future in grades nine and ten.

A self-pacing math program has been instituted in the non-college math courses in grade seven through nine. This program is based on a self-pacing concept and emphasizes individualized instruction.

Again, the program is new but we have found that after a half year it is working well. As with our English program, we will evaluate this mathematic approach continually.

Special Services

We now have a remedial reading instructor working on a part time basis with those students needing help in the areas of reading and speech. This program is developed so that the high school can pick up and continue working with students sent to us from the elementary school who have been receiving remedial reading and speech instruction. It is our intention to incorporate a speed reading course in this area in the near future.

SCHOOL DISTRICT

The Dilemma

No unusual prophetic vision is needed to see that schools will cost more in the future. More children will be enrolled in school. As the schools become more successful in reducing the drop-out rate through offering programs, particularly in the field of vocational preparation, the additional costs to the schools will be considerable. Inflation has increased school costs while reducing school dollars and the energy crisis is increasing the burden. Important new programs add further to the cost of education. New demands on the schools never seem to cease, but each new program costs money. Where will the additional money come from? Can we continue to look to local sources to provide the necessary increases? Can we afford good schools?

For centuries, most people have voiced strong support for some form of education. There are many reasons for this, not the least of which is the desire of all parents to provide quality schooling for their children. The question of paying for this quality, however, is an entirely different matter. We need only to look back in history to find instances where the responsible authority, the state, had to force parents, as well as the community, to support programs of education. After the first compulsory education laws were enacted, fines had to be levied against those who failed in their duty to support the schools.

Along with the above dilemma has been a long standing debate on the roles of the local, state, and federal partners, and who should pay for what. It has been said, perhaps somewhat glibly, that education is a local function, a state responsibility, and a federal concern. The ability to support good programs varies widely from community to community. In spite of the best intentions, some localities lack the financial means to support quality schools, while others have abundant funds for such purposes.

On the basis of these glaring inequities, it should come as no surprise to you, the taxpayer, that our State's responsibility for school financing has been sorely neglected. The answers to the questions posed earlier regarding the kind of schools we will have and how they are to be supported will be provided by our citizens who must choose whether education will rank high or low in their scale of priorities. We can afford the education we need but it will require looking into sources of revenue other than local sources. While it is an obligation for school administrators to inform the public of the seriousness of the situation and to explain

possible solutions, without a grass-roots involvement within the community, the chances of a successful tax revision are extremely remote. It will take courage and faith to point this out, but the real solution to the fiscal crisis is in the hands of your fellow citizens.
